- The following unprocessed reports on imports into Thailand from countries in the Sino-Soviet Bloc include the name of importer, quantity and description of goods, place of origin and consignment, value of shipment and mode of transportation. The date appearing in the first column of the reports is the date the material was released by the Thai Customs Office. The date and place under "steamer" column is the transporter's departure date and place. The classification SECRET has been affixed to each report by the field station; however, the information when extracted from the reports may be considered CONFIDENTIAL.
