Irrigation canals - More than 200,000 hectares of the West Scechuan Plain is crisscrossed with canals led by the Tuchiangyen irrigation system.

50341 The Tuchiangyen Dam is not only famous for its irrigation system, but is also a picturesque place. On Sundays and holidays, many people visit the dam. Photo shows Young Pioneers of the No. 1 Middle School of Kuan County sketching by the Anlansochiao (a bamboo bridge) of the Tuchiangyen Dam.

5033⁴ In Pai Sha Hsiang of Kuan County, western Szechuan Province, the Minkiang River divides into two - an innter (right) and an outer river (left). The Tuchiangyen Dam was built just starting from the watershed of the inner and outer river.
