UNITED STATES GOVERNMENT

**CONFIDENTIAL***Memorandum*

TO : Chief, FBIS

DATE: 5 October 1964

FROM : Chief, Hokkaido Bureau

SUBJECT: Monthly Progress Report - September

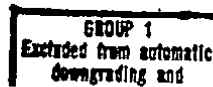

## I. GENERAL

- A. The FBIS request for land in the Chitose III area has been referred to the Sapporo Office, Defense Facilities Administration Bureau, for recommendations. Conferences have been held between officials of the Sapporo and Chitose offices of DFAB and the Kuma Station Post Engineer. It is anticipated that the Sapporo Office, DFAB will recommend that the land in question be turned over to the Japan Ground Self Defense Forces, an action which should considerably reduce the amount of time required for the ultimate acquisition of the site. The Self Defense Forces would then turn over the Chitose III site to FBIS in exchange for the U.S. Army's releasing of the Camp Strong area where FBIS is at present.
- B. There have been no further developments in the bureau's housing project. A ground-breaking ceremony for the construction of new Army dependents' quarters at Chitose III was held on 2 October.
- C.  Chief, Audit Staff FE Field Branch, 50X1 conducted the bureau's annual audit from 23-29 August. No significant deficiencies were found.

## II. OPERATIONS

A. Monitorial

1. The bureau's coverage increased 2 hours and 10 minutes during September. Reception from seasonal transmitters continues to improve.
2. The Vladivostok Television Service audio channel on 56.25 mcs and the recently introduced Vladivostok ultrashortwave transmitter on 69.68 mcs were not heard during September. Periodic cruising is being continued.
3. In accordance with a request from FOS, reception checks of Seoul programs in Russian and of the Voice of United Nations Command in Korean were made 15 and 16 September. The results were wirefiled to Headquarters.

**CONFIDENTIAL**

CONFIDENTIAL

B. Editorial

1. Abstract and wirefile wordage totaled 144,175; the number of abstracts was 1,130.
2. Teletype outage totaled 21 hours and 15 minutes because of line trouble at Chitose and Zama.

C. Communications

On 4 September the bureau was asked by the Officer in Charge, RUAP relay station (Camp Drake) whether we had the capability to convert our teletype circuits to 100 wpm. An affirmative reply was given. No further developments have occurred since then.

D. Lateral Services

Since 8 September, with the concurrence of the Tokyo and Okinawa Bureaus, all processed copy from Ulan Bator has been slugged (FLC). The Okinawa Bureau will now include this copy with that it mails to the Consulate General in Hong Kong. Previously, the Tokyo Bureau mailed the Mongolian copy to Hong Kong.

III. ADMINISTRATION

50X1

A. Personnel

*see above this*

1. Russian Monitor [redacted] received a periodic step increase 13 September 1964. 50X1
2. Russian Monitor [redacted] received a periodic step increase 13 September 1964. 50X1
3. A letter was received 30 September from [redacted] a Chinese national, expressing interest in employment with FBIS as a Russian monitor. Materials for testing [redacted] have been forwarded to the U.S. AID Mission in Taipei. 50X1
4. Tuition for the Chitose American Dependents School for the 1964-65 school year has been raised by the U.S. Army Japan from \$1.75 to \$2.00 a day, or a total of \$358.00 for each child for the year. The current allowance for the Chitose area in the State Department's Standardized Regulations is \$300.00 a year. It has been determined that Headquarters, U.S. Army Japan at Camp Zama is also the reporting agent for the Chitose area. Assistance has been requested from the Tokyo Bureau in attempting to get the tuition allowance

raised for Chitose. In addition, the Civilian Personnel Officer, USARJ was visiting Kuma Station during the week of 18 September and his assistance in solving the problem was also solicited.

### B. Buildings and Grounds

The quonset remodeling project was 65 percent complete as of 30 September.

## IV. VISITS

- A. On 2 September Maj. Gen. Chester W. Clark, Commanding General, U.S. Army Japan, accompanied by Col. Robert P. Brust, Commander, U.S. Army Security Agency, Pacific; and Col. Oliver I. West, Assistant Chief of Staff, G-1, U.S. Army Japan, visited the bureau for orientation. At the General's request, he was presented a three-volume set of Broadcasting Stations of the World. On 14 September a letter was received from General Clark expressing appreciation for the briefing and for the books.
- B. On 10 September Lt. Col. Richard Winstead, Executive Officer, 12th U.S. ASA Field Station, visited the bureau for briefing and orientation.

# Memorandum

TO : Chief, FBIS  
ATTN: Chief, Administrative Staff, FBIS  
Chief, Engineering Staff, FBIS  
FROM : Electronics Technician, Hokkaido Bureau, FBIS

DATE: 1 October, 1964

SUBJECT: Equipment and Facilities Report for month of September, 1964.

1. The following developments regarding bureau equipment and facilities are brought to your attention:

Remodeling of Quonset 507 began during the second week of September. All needed materials have been procured and no further delay is anticipated.

As of this date, the project is approximately 65% complete.

Twelve reels (six thousand feet) of RG85/U cable have been received and are presently being stored outside the operations building. Limited space availability precludes inside storage, however, a large tarpaulin has been acquired to cover cable during winter inclement weather.

2. The following items have been received and entered into bureau non-expendable property accountability records:
  - (a) Headset, electrical crystal type, Quantity 4, value: \$88.00.
  - (b) Clutch, three speed, f/u/w Model 28 KSR Teletype. Quantity 3, value: \$381.00
