MEMORANDUM FOR: Director of Central Intelligence

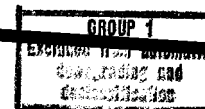

SUBJECT : Annual Report of Measures Being Taken by  
the Intelligence Community to Enhance the  
Nation's Counterintelligence Posture

1. This memorandum suggests action; such action is contained in paragraph 4.

2. Attached for your signature are letters to the Assistant to the President for National Security Affairs and the Chairman, PFIAB forwarding copies of the annual report on counterintelligence activities by member departments and agencies in response to the Joint Study Group Report of 15 December 1960. I believe that the 1970 report is incisive and succinct as well as informative.

3. You may recall that last year I requested that the Agency be allowed to omit the attached report because its usefulness had been outlived and because it was duplicative. On 23 January 1970 you signed a letter to Dr. Kissinger asking that the report be discontinued. Dr. Kissinger responded that he would "take another hard look at the requirement" this year. Accordingly, I have prepared another letter to Dr. Kissinger for your signature which again proposes that this report series be laid to rest.
