MEMORANDUM FOR: Chief, Executive Planning Division

SUBJECT : FPM Letter No. 736-4--Full Field Investigations on Competitive Service Employees and Applicants for Critical-Sensitive Positions

1. This is to advise that the polygraph program and investigative coverage of this Agency has been reviewed and it has been determined that our procedures are in substantial compliance with the Civil Service Commission's FPM Letter No. 736-4.

2. During polygraph we do not advise the individual of his rights to counsel, however, since we are not involved in criminal cases, it is believed that such procedures are not applicable to our program.

3. Our major area of non-compliance is that we have no directive regarding the polygraph program other than a memorandum to the Director of Security from the Acting Director of Central Intelligence (Charles P. Cabell), dated 8 August 1957, which sets forth the policy, practices, and procedures with respect to the polygraph program. A directive to reflect current procedures and practices is now in the process of being prepared.
