PLACE: Ops Center Conference Room 7516, State Department

SUBJECT: SIG Meeting on Law of the Sea, June 15

SUMMARY OF CONCLUSIONS

The SIG convened to produce a final text for the Report to the President on Law of the Sea. OMB, Treasury, Interior, Labor, OSD, JCS, and Ambassador Malone as the President's Representative to the Conference introduced proposals to modify the Report. Most proposals were adopted with amendments after discussion. Where final language was not made precise in the SIG meeting, drafters were assigned to produce changes consistent with the SIG discussion.

One proposal sought a structural change in the Report, namely the deletion of Issue Five. OMB, Interior, and OSD favored deletion; State and NSC favored retention. After a poll of the SIG, it was agreed to shorten the presentation of Issue Five, emphasize the SIG view that further improvements to the treaty were unlikely, and retain the subject as an issue in light of public awareness of it.

The SIG agreed to meet on June 22 to approve a final decision memorandum to the President with agency positions on the options.

ACTION REQUIREMENTS

1. William Salmon and Mike Guhin undertook the post-SIG drafting of amendments not fully clarified in the course of the SIG.
2. SIG participating agencies undertook to provide cleared agency positions on each of the issues in the Report to Mr. Otho Eskin at 632-9098 by COB Friday, June 18.
3. SIG participating agencies agreed with the Chairman's proposal to reconvene on June 22 to make final a Presidential decision memorandum based on the issues in the present paper and to identify agency views on the issues.
