Lt.Gen. Richard Henry, USAF
Commander, Space Division
Air Force Systems Command
Los Angeles Air Force Station
El Segundo, CA 90245

SEP 19 1962

Dear General Henry:

Both Bob Inman and I want to thank you for the major role you played in the recently completed Colloquium on Future Space Missions. Your presentation on Dependence on and Survivability of Future Military Space Systems was very informative and the discussion which resulted from it was stimulating. Many of the comments which I have received indicate that the Colloquium was successful and any success was in large part because of the contributions made by you and the other speakers.

A summary report on the Colloquium is being prepared and of course you will receive a copy upon its completion. I trust that you will find the document to be useful.

Thank you again for your cooperation with us and I look forward to our continuing association.

Sincerely,

/S/ John N. McMahon
