5 APR 1982

The Honorable Robert W. Buchheim

STAT

Dear Ambassador Buchheim:

I am writing to explore with you our interest in having you speak during an upcoming colloquium on the future uses of space for civil, military, and other purposes. This colloquium will be held here at CIA on 3 and 4 June of this year. The sponsors are Admiral Inman, Dr. Keyworth, Dr. Mark, and Dr. DeLauer. Some informal background information is attached.

The broad subject intended for your talk would be the interaction in the 1990s between space systems and arms control activities. Knowing of your great experience in both subjects, I would expect that the participants would find your views enlightening and stimulating.

I also am interested in your knowing that a dinner is scheduled for the evening of 3 June. We would be pleased, of course, if you would agree to attend the dinner as well.

If you are able to participate in this colloquium, as I hope you will agree to do, a formal letter of invitation will be sent to you.

Sincerely,

STAT

Special Assistant to the Deputy
Director of Central Intelligence
