Dear Mr. Vice President:

Thank you for your letter of 22 April 1982 to Mr. Casey concerning [redacted] Mr. Casey is away for a few days and I am taking the liberty of responding for him.

STAT

Our Director of Personnel has advised me that [redacted] was interviewed [redacted] on 28 April 1982. Unfortunately, we had to advise him at that time that we would not be able to employ him in a position commensurate with his salary requirements. His educational background is not strong enough nor is his work experience appropriate for either the Career Training Program or other professional openings we may have at this time. He discussed with our recruiter the possibility of attending graduate school and was advised that he could be considered for a security escort position at either a GS-04 or -05. However, these grade levels are not high enough to meet his salary requirements. As you know from your experience in this Agency, the Career Training Program requires a somewhat unique individual and the fact that he was not selected for a position in that Program in no way reflects adversely on [redacted] or his credentials. I suggest that he may wish to consider reapplying if he continues his education and/or enhances his work and other experiences.
