MEMORANDUM FOR: Chief, Position Management and
Compensation Division, OPP&M

FROM: Bruce T. Johnson
Director of Data Processing

SUBJECT: Staffing Complement Change - ODP

1. The Office of Data Processing has completed a careful review of the level and breadth of responsibilities associated with the mission and functions of the Consolidated SAFE Project's senior management positions. Completion of this review has reinforced our belief that because of the change in scope, effect, and complexity of the SAFE Project these positions are now at grade levels below similar Agency positions with comparable responsibilities. Therefore, these positions should be upgraded in accordance with the action requested in the attached form 261c.

2. It should be noted that the incumbents of these positions serve in dual roles, as managers of the interagency SAFE Project and as managers of Special Projects, ODP. Other senior managers for the SAFE Project are provided by DIA.
