Project

Proposed Communications Annex

1. Forwarded herewith is a copy of the proposed Communications Annex to be incorporated into the [redacted] Project for submission to the Project Review Committee for approval. It should be noted that as of this date this Project is not approved. When final approval has been made it is the intention that implementation will proceed without further delay, and as outlined in the Communications Annex. Accordingly, Branch Chiefs will then take all action which may be necessary to implement their portion of the Project, coordinating all details with the Operations Branch.

2. All extra copies of this proposed Annex have been forwarded to the Operations Branch. It is requested that the Operations Branch arrange for transmission of the Annex to the appropriate field commands upon the Project's approval, taking whatever steps may be necessary to comply with basic security regulations which might pertain to a document of this nature.

3. Specific attention is invited to such elements of the Communications Annex as follows:

Communications equipment for [redacted] teams (some of which will be military and others CIA).

25X1C

The commitment and shipment of [redacted]

25X1A

25X1A

The T/O for the [redacted] Support Base.

The requirements for [redacted] to prepare Signal Plans.

25X1A

Attention is also invited to the requirement that [redacted] mount 20 operations shortly after the Project has been approved. The arrangements for handling a limited amount of clandestine communications from [redacted] and the reinforcement of personnel at [redacted] are also of import at the early stages of the Project.
