

MEMORANDUM FOR THE RECORD

FROM:

[Redacted]

Chief Support, Foreign Broadcast Information Service

SUBJECT:

[Redacted]

On 8 November 1980 [Redacted] was advised that his position was to be abolished 31 January 1981 and his services would no longer be required. A written notice to this effect was signed by [Redacted]. Since his service is sufficient to qualify for DSR, he opted for retirement and the associated severance pay including loss of career compensation.

[Redacted] wishes to emigrate to the United States and has requested all possible assistance from FBIS to obtain the required visa. He was advised that FBIS will do whatever it can to achieve this goal with the warning that the consular service and the Immigration and Naturalization Service are the government elements responsible in this area.

On travel he is entitled to the movement of his dependents, HHE, and vehicle from Athens to Nicosia and could utilize, on a reconstructed basis, this entitlement if he went to another area. He asked that his son's planned travel to the U.S. for educational purposes in December 1980 be included in this authorization. He was advised this was not connected with his retirement travel but that this decision will be explored in Washington.
