Dear Admiral Turner:

On behalf of the House Permanent Select Committee on Intelligence I would like to invite you or your representative to participate in a hearing by the Subcommittee on Evaluation to review the management of the intelligence community's Automated Data Processing (ADP) activities.

The Subcommittee on Evaluation's hearing will be held from 9:00 a.m. - 12:00 p.m. on March 22, 1979. The Subcommittee staff recently met with the Information Resources Office (IRO) to discuss a tentative outline which will include:

 - Review of community-wide management initiatives over the past year
 - Progress report on IRO contractual efforts
 - Current problems, strengths and weaknesses of the management approach
 - Future planning and long range issues
- Department of Defense (DIA)
 - Overview of the Department of Defense Intelligence Information System (DODIIS) Master Plan
 - Provide additional detail on what PDSC and Eucom Aides will provide for analysts and a progress report on their implementation
 - The future impact of analyst support systems such as joint CIA/DIA SAFE to other GDIP elements

-- Describe activities to procure standardized software and common user languages

The hearing will be in executive session. I should add that the Rules of the Committee, which apply equally to each Subcommittee, require that all prepared or written statements submitted by witnesses before the Committee will be submitted at least 72 hours in advance of the appearance of those witnesses.

The staff point of contact on the issue is Richard H. Giza, 225-5658. With every good wish, I am
