NOTE FOR: DCI
FROM : Stan Moskowitz
NIO/USSR-EE
SUBJECT : Yugoslavia

Bill:

The potential for serious trouble in the next year or so is making me nervous.

We talked about Yugoslavia at my last Warning meeting. I asked the DDI to prepare the attached points on Yugoslavia for your perusal.

See also NODIS from Embassy -- which heretofore has been under wrap (or so I understand) from Eagleburger -- he being afraid to scare away Western bankers by message that Yugoslavia is in trouble.

I think an estimate is in order and will proceed with your o.k.
