MEMORANDUM FOR:

[Redacted]

FROM:

Chief, Security Officer, ICS

SUBJECT:

[Redacted]

Sac 5
LOGGED 25X1
24 MAR 1982 25X1

1. On 18 March 1982 [Redacted] 25X1
supervisor assigned to the GSA Central Office visited me to inquire
about having his security clearance with the Agency reinstated.

[Redacted] indicated that he worked at the 2430 E Street complex 25X1
from 1975 until 1980. In his current role as a GSA supervisor,
[Redacted] frequently visits the Community Headquarters Building 25X1
to monitor the activities of [Redacted] 25X1

2. In our conversation, [Redacted] indicated that his 25X1
clearances were revoked by the Agency in November 1980 because of
several complaints lodged against him. [Redacted] volunteered 25X1
that during the time he was associated with the Agency, he was the

Vice President of [Redacted] which attempted to 25X1
[Redacted] Part of the complaint against him was that he spent more 25X1
time on [Redacted] activities than he did on his job. [Redacted] 25X1

acknowledged that this very well may have been the case, but he offered
that he has now completely terminated his association with [Redacted] 25X1
activities. He also noted that he has been promoted [Redacted] since 25X1
leaving the Agency in 1980, thus giving evidence that his job

performance with GSA has been quite satisfactory.

3. [Redacted] reported that he has recently received a 25X1
security clearance from the Department of Justice allowing him access to
the Hoover Building in downtown Washington, D.C. He was granted this
clearance in connectin with his supervisory duties [Redacted] assigned to 25X1
that facility. He asked that the Agency likewise reinstate his
clearances so that he could be allowed unescorted access to CHB.

4. It is requested that you review [Redacted] file to see 25X1
if he is eligible for reinstatement. If so, I will have him execute the
necessary Personal History Statements and forward them to you through
official channels.

5. Should you have any questions relative to this matter, please 25X1
direct them to me on [Redacted] [Redacted]
