Dear Jerry:

Subj: Word Processing System

This is in response to your memo of 12 August on a word processing system for field bureaus.

At this point it would be difficult to justify such a system for this bureau, especially at the estimated price cited. I would think it would certainly be a welcome addition at the larger bureaus, but we do not have enough requirements to put such a system to worthwhile use.

We have found that there is a Wang dealer in Johannesburg, but we have not determined exactly how much service he could provide.

Sincerely,

Chief, Swaziland Bureau
