JUL 1983

CHARTER OF THE COMPUTER SECURITY WORKING GROUP

OF THE CIA INFORMATION SYSTEMS BOARD

- -- Analyze the adequacy and compatibility of information system security policies, procedures, hardware and software, and information transfer criteria.
- -- Suggest changes needed in computer security policies required to improve information services without sacrificing security or to enhance security.
- -- Establish clear and enforceable standards for security in all present and future information systems.
- -- Monitor interdirectorate computer security projects and tests
 - -- Serve as an interface between Agency components and Intelligence Community computer security groups, studies, and projects.
