

20 JUL 1981

P&PS Daily Report to Director of Logistics' Office - 20 July 1981

STAT

[redacted] called the Plans Staff to request Office of Logistics (OL) representation at a DDS&T meeting on Long Term Planning and, in particular, human initiatives associated with immediate reaction to intelligence requirements. Specifically, S&T is studying an issue called "Surge, Collection & Analysis" and requested OL representation at a meeting today at 1500 hours, in Room 6E60, which, among other things, will discuss deployment of people and equipment overseas. [redacted] from Plans Staff, and [redacted] from Supply, will attend.
