11. On 14 April, representatives of the Photography Division of OL/P&PD met with us to discuss the possibility of establishing a color printing processing capability [] in light of the high cost of equipment, the cost of installing water temperature controls and the requirement for frequent chemical changes it would not be practical for our limited color requirements. In the course of discussions, agreement was reached on procedures to speed up the turn around time for color work done at P&PD for []
