

Key Mineral Suppliers by Continent

North America - Central America

Canada - aluminum, cobalt, columbium, copper, lead, molybdenum, nickel, iridium, palladium, platinum, tantalum, vanadium, zinc

Jamaica - alumina, bauxite

Mexico - fluorspar, zinc

South America

Bolivia - tin, tungsten

Brazil - bauxite, berryleum, chromite, columbium, manganese, tantalum

Chile - copper, molybdenum

Guyana - bauxite

Peru - lead, molybdenum, zinc

Surinam - bauxite

Africa

Botswana - cobalt

Gabon - manganese

Guinea - bauxite

South Africa (including Namibia) - chromite, fluorspar, manganese, PGM, vanadium, diamonds, nickel

Uganda - cobalt

Zaire - cobalt, copper

Zambia - cobalt, copper

Zimbabwe - chromite, asbestos

Asia

Australia - alumina, bauxite, lead, manganese, nickel, tantalum, tungsten, zinc

China - bauxite, lead, molybdenum, tin, titanium sponge, tungsten, vanadium

India - manganese, rubber

Indonesia - rubber, tin

Japan - titanium sponge, aluminum, copper

Malaysia - columbium, rubber, tantalum, tin

New Caledonia - nickel

Philippines - chromite, cobalt, nickel

Sri Lanka - rubber

Thailand - columbium, fluorspar, rubber, tantalum, tin
