NOTE FOR THE D/OP

VIA DDA

- has suggested that annuitants who have opted to continue with GEHA and who also have Social Security eligibility need some help.
- He says that Social Security covers the bulk of medical expenses, so GEHA doesn't do that much but he (and perhaps others) want to support GEHA (and keep an Agency link) unless other programs truly offer an advantage.
- He recently received a Blue Cross flyer and tried to obtain and understand information concerning his options but found it all too complex.
- He suggested that Insurance Branch do a comparative table for those covered by Social Security. He added that if OP manpower was stretched too thin, he could do it, either coming in, or at home, assuming the information is unclassified.
