MEMORANDUM FOR: Comptroller

FROM: Harry E. Fitzwater  
Deputy Director for Administration

SUBJECT: Request to Reprogram Funds in the Intrusion  
Resistant Optical Communications (IROC) Project

1. Request approval to transfer funds between object classes as follows:

<u>Project</u>	<u>Amount</u>	<u>MOC</u>		
		<u>From</u>	<u>To</u>	
IROC	\$150,000	31	25	<input type="checkbox"/>

25X1

2. Background: IROC is a fiber optic communications system with wide application for the Agency; e.g., CRAFT. An intrusion resistant system obviates the need for cryptographic protection of the signal and is cost effective. Originally funds were intended for procurement of IROC equipment. However, a potential technical security vulnerability recently surfaced which will require further analysis, redesign and modification by the contractor (Hughes). Therefore, funds are needed in SOC 2540 to support this effort.
