FILE: 30-8

MEMORANDUM FOR: Comptroller
FROM: Harry E. Fitzwater
Deputy Director for Administration
SUBJECT: Reprogramming of FY 1983 Funds

83-1512
25X1

1. Your approval is requested to reprogram the following Office of Logistics funds:

a. Logistics management requests that \$115,000 be reprogrammed from SOC 3107 of the (FAN 78-1014) to the LIMS project (FAN 78-1015) for the purchase of terminals and line printers and to the Procurement Division (FAN 78-1030) to finance the rental cost of Wang word processors. LIMS requires \$69,000 and the Procurement Division needs \$46,000.

25X1

b. The Printing and Photography Division (FAN 78-1141) requests internal reprogramming of \$103,000 for the rental of a COM Recorder in support of the 4C program and \$277,000 for additional prepress page makeup terminals. These increases will be offset by a reduction of \$346,000 in printing paper supply inventory and a net reduction of \$34,000 in budgeted requirements for repairs and maintenance of printing and Agency copier equipment.

c. Real Estate and Construction Division originally budgeted funds for powerplant repairs and maintenance through GSA (SOC 2501); however, since the operation of the Uninterruptible Power Supply has been in place under contract, \$125,000 needs to be reprogrammed to finance the contract (SOC 2540) and \$67,000 is required for the purchase of equipment. These funds are to be offset by a reduction of \$192,000 in SOC 2501.

2. The Logistics Services Division (LSD) also requests that several of their numerous FANs be consolidated into one. Specifically, FANs 78-1065 (Administrative Stock - NPIC), 78-1071 (Machine Supplies), and 78-1072 (Operational Supplies) will be consolidated into FAN 78-1070 (Personnel Supplies) and FANs 78-1101 (Work Orders GSA General), 78-1102 (Work Orders GSA Special), 78-1103 (GSA Safety Projects), and 78-1104 (Work Orders GSA Service) will be consolidated into FAN 78-1100 (Maintenance and Facilities - General). This consolidation will reduce the number of LSD's FANs by seven, yielding a more manageable control and review process by the Chief of the Division.
