We have been requested by the IC Staff to name an Agency-wide representative (and alternate) to the Community working group established to develop a Space Intelligence Plan per reference.

Since the early stages of this effort will emphasize requirements, I suggest that someone from your group be the Agency's representative. At a later phase of the study, we might want to switch to a more collection-oriented person. X

The person you appoint should act as the CIA representative and work actively with those other Agency elements that have an interest, including the Comptroller and the CIA Member/WSSIC. The individual should also keep the Planning Staff apprised of progress on the study.

Please prepare a note for my signature to the Director, IC Staff, naming our representative
