DEPARTMENT OF STATE  
THE DIRECTOR OF INTELLIGENCE AND RESEARCH  
WASHINGTON

December 30, 1983

UNCLASSIFIED

Mr. John N. McMahon  
Deputy Director of Central Intelligence  
Washington, D.C.

Dear John:

I would like to express my appreciation for the continued support offered to INR over the past year by CIA's Office of Imagery Analysis. The relationship has developed from the previous two years' arrangement whereby OIA analysts were detailed to INR. OIA analysts have visited INR and other offices within the Department of State for discussions and briefings of published reports, and INR analysts in turn have visited OIA.

Earlier this Fall, [ ] and [ ] of OIA's Missile Systems Division briefed me on OIA's analysis of a current arms control compliance matter. The briefing was outstanding and it contributed greatly to my understanding of an issue in which INR has been deeply involved, both as a participant in the SALT monitoring process and as intelligence adviser to State policy-makers.

*Happy New Year!* Sincerely,
