Subj: The National Intelligence Daily (NID)(C)

Encl: (1) Access to the NID

1. (C) The DCI initiative to evaluate the distribution of the National Intelligence Daily is appreciated as essential to secure sensitive intelligence sources. It is also timely for the Marine Corps, as ongoing changes in leadership necessitate review of this Headquarters' current access to the NID.

2. (C) Currently the Commandant of the Marine Corps (CMC) has sole access to the only NID received. It is requested that access be opened to the Assistant Commandant (ACMC) and the Chief of Staff. Additionally, it is requested that a second NID be provided with access granted to the Deputy Chief of Staff for Plans, Policies, and Operations and the Director of Plans Division; and a third copy for the Director of Intelligence with access as specified in the enclosure. The enclosure comprises those principals and planners for which access is requested.

3. (U) These are determined to be the minimum requirements for adequate support to this Headquarters. Anything less would severely hamper the intelligence effort to support our operations.
