MEMORANDUM FOR: THE RECORD

SUBJECT : Briefings on Soviet

25X1

1. On 8 October 1982, a full set of briefings and associated discussion on the Soviet issue were held at CIA headquarters. This meeting was arranged by the undersigned at the request of General Donald Lamberson, Director of DoD Directed Energy Programs/USDRE. The request was relayed to us through Dr. Alan Pike, DARPA, who also wished to attend.

3. The briefings were well-received and the meeting lasted from 0930 to about 1430 with one short break. General Lamberson expressed satisfaction at having had the opportunity to completely review the evidence and the analyses on all aspects of the issue.

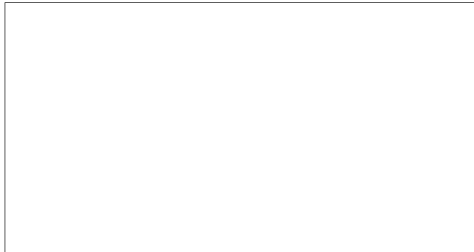

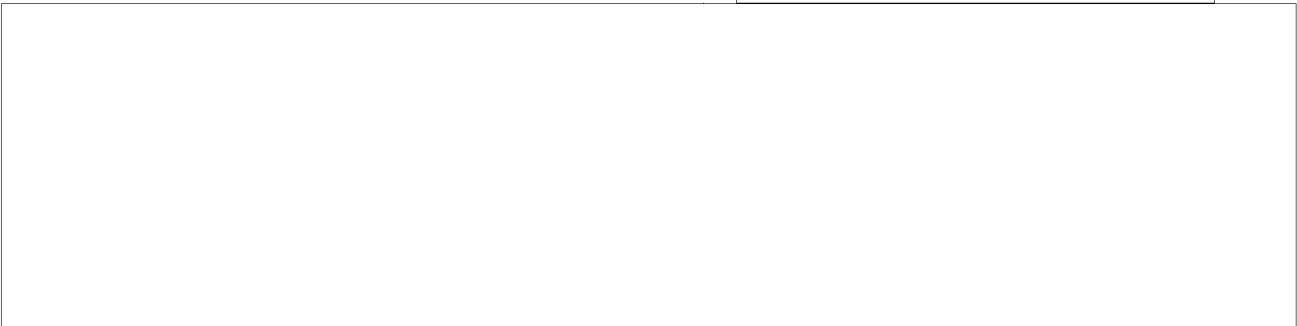

4. General Lamberson asked if briefings such as these could be given to members of his DoD Review Group. We indicated that his request to do so could be honored in general, but that the details would have to be negotiated depending upon the subject and the access approvals for the audience. General Lamberson also asked specifically to receive a copy of recent paper
