COMMITTEE ON APPROPRIATIONS  
WASHINGTON, D.C. 20510

Executive Registry  
83-2211

April 8, 1983

The Honorable William J. Casey  
Director of Central Intelligence  
Washington, D. C. 20505

Dear Mr. Director:

Once again the Committee must notify you of a series of violations to our security standards. As outlined in our letter of June 18, 1982, all classified information pertaining to intelligence and intelligence-related material must be delivered to room SD-122 or SD-119 and signed for by a staff member specifically cleared to receive such information.

None of my other offices either in the Capitol or in the Russell Office Building should receive classified information since staff members there do not have necessary clearances and no secure storage exists at these locations. Nor should classified data intended for Appropriations Committee use be delivered to another committee. Recent violations have involved deliveries by the Intelligence Community staff, the Department of Defense, the National Security Agency, [redacted] In each of these cases, information was either left with uncleared personnel, was not signed for, or was delivered to another room or committee.

STAT

Please instruct your staff again of our policy so that we may ensure classified information receives the full protection to which it is entitled.

With best wishes,

Cordially,

TED STEVENS  
Chairman  
Subcommittee on Defense
