MEMORANDUM FOR: Chairman, Technology Transfer Intelligence
Committee

FROM : Henry S. Rowen
Chairman, National Intelligence Council

SUBJECT : Technology Transfer Study

REFERENCE : Memo from Under Secretary of Defense,
Research and Engineering, dtd, 10 May 1983

I would like to ask that the Technology Transfer Intelligence Committee (TTIC) take the lead in preparing the Subject Study. I believe that TTIC has a good understanding of the issues involved and is in the best position to sponsor the Intelligence Community work needed to produce the requested study. I would like to recommend that you form the suggested Steering Group and that it include membership from the NSC, Commerce, State, Defense (USDR&E), and the NIO/S&T. Would you prepare an appropriate response to Dr. Berenson's request, and coordinate it with Jan Herring, NIO/S&T?
