### BLACK SHIELD/GIANT SCALE EXPLOITATION REQUIREMENTS

**NPIC**

- Search all coverage of North Vietnam and Sino-North Vietnamese border area for evidence of the introduction of SSMs.
- "Second-phase exploitation of all imagery...for any refinements or changes resulting from a more considered analysis...and a total mission review for new or significant change information."

**DIAAP-9C3**

- Exploit these reconnaissance programs as directed against NVN, SVM, Laos and Cambodia in support of the DIAAP analysts' requirement to maintain a current intelligence data base in support of the Joint Chiefs of Staff and other DOD agencies.
