MEMORANDUM FOR:
DD/OP/PA&E

FROM:
C/HRPS

SUBJECT: Weekly Activities Report

1. An attrition package of several charts has been prepared to illustrate attrition rates by directorate and by subcategory for the past five years. Each chart compares the attrition rates as a percentage and also includes the actual data for reference.

2. HRPS provided a statistical analysis of the DDO Career Service to a representative of the DDO/IMS as support for a report being prepared on the impact of automation on DDO manpower. Our analysis should provide insight into the training/retraining problem and potential retirement factors of particular interest to the requester.
