

FOREIGN BROADCAST INFORMATION SERVICE
HONG KONG BUREAU

MHK-3005
4 May 1983

MEMORANDUM FOR: Director, Foreign Broadcast Information Service
THROUGH: Chief, Operations Group
SUBJECT: Monthly Report -- Hong Kong Bureau -- April 1983

I. GENERAL

Move to [redacted] -- Consulate negotiations with the management of the new [redacted] building passed a major hurdle with the acceptance of [redacted] rental offer of HK\$9.00 per square foot on net area, a price that compares favorably with going market rates for buildings in the business-oriented Central District of Hong Kong. The bureau and the five U.S. Government agencies currently leasing premises in the Hopewell Center have all agreed to the rental offer and have stated their intentions to move to the new building. Prior to giving the bureau's acceptance, the deputy chief and senior technician met on 14 April in the bureau with the [redacted] estate manager and chief architect to discuss the bureau antenna, air-conditioning and emergency electrical generator needs. Verbal agreement on roof installation of antennas, the generator and the air-conditioning unit was obtained from the architect and estate manager. Their verbal agreements are to be included in the final version of the lease/contract still being negotiated by the Consulate.

B. Building and Grounds

During a 14 April inspection of the 58th floor room housing the bureau's emergency electrical generator, it was discovered that the lock on the door had been forced to gain access to the room. Nothing was found missing or damaged. The Consulate's RSO is preparing a letter to Hopewell Management demanding better security arrangements. He is also trying to devise a better locking mechanism for the door. The last incident of this nature occurred in August 1982, when the door leading to the same room was forcibly opened.

III. VISITS

From the Bureau -- the bureau chief departed on 8 April to attend the Bureau chief's conference.
