(S) Supplementing the reference attached, [REDACTED] Applied Technology Group, OTS, advised this date that Mr. Brandwein, Director, OTS, and the DDS&T would be meeting with the DDA on 19 September 1978 to discuss the subject project and obtain his approval to proceed. Mr. Brandwein has already coordinated with the Director of Communications and the Chief, Central Cover Staff and obtained their tentative concurrences. According to [REDACTED], they are presently discussing only the relocation of OSD/OTS rather than all OTS personnel located at [REDACTED]. Also, contrary to the estimate of \$250,000 provided by Mr. Brandwein for the move, [REDACTED] estimates the construction would cost approximately \$700,000. This later estimate is based on higher square foot cost figures which were provided by the undersigned. Once the DDA approval has been obtained, [REDACTED] will contact the Real Estate and Construction Division for specific assistance and designation of a project engineer with whom he can work.
