Dear Mr.

In response to your letter of December 21, 1976, concerning the Northside Computer Center, we have received your Reimbursable Work Authorization in the amount of \$50,000 and scope of work for design services. It is presently being processed and Copy 4 will be returned to your office since it had been presigned before submittal to the General Services Administration.

The work authorization for the construction phase of this project will be submitted in the near future as indicated in your letter, however, we must point out at this time that due to its projected cost we will require that your agency certify that funds are exempt from the requirements of Section 7 of the Public Buildings Act as amended.

Sincerely,

*Kenneth A. Jacobson*
