Dear Mr. McMahon:

I would like to express my sincere appreciation for the assistance of your personnel in the successful move of the SAFE-D software from your Northside Computer Center to the DIAC Computer Center. The fact that this move was accomplished with only a few hours of downtime is testimony to the skill and professionalism of the personnel in your Office of Data Processing.

[redacted] and Harry Fitzwater have sent letters of commendation to the individuals involved. Please convey my personal thanks for a job well done.

Sincerely,
