SPECIAL INTELLIGENCE GRAPHIC ON COMMUNIST
AREAS QUARTERLY STATUS REPORT 01 OF 01

CIA/GCR MLN 75-3
March 1975

Quarterly Status Report

NF 49-4 Kuang-chou (Canton) (South China)

NK 51-12 Tan-tung (Northeast China)

Major railroad crossing point between China and North Korea; Sup'ung Hydro Power Plant and Dam.

NJ 48-4 Shih-tsui-shan (North China)

NE 49-6 Yü-lin (Hainan Island)

Southernmost naval base in China; military ground and air facilities.

NM 38-11 Volgograd (Lower Volga Basin, USSR) . .

Key industrial and military center of Volgograd; support base, launch sites, and electronics facilities for Kapustin Yar Missile Test Range; oil refinery and chemical plants at Volzhskiy.

NN 35-3 Polotsk (Belorussian SSR)

Military training areas and barracks, oil refinery, and petrochemical plants at Polotsk; Disna and Polotsk MRBM Complexes.

NN 36-7 Mogilëv (Belorussian SSR)

Heavy industry, airfields, and nuclear weapons storage centered at Mogilëv; main rail, road, and Dnepr River transportation routes.

NO 37-12 Ivanovo (Upper Volga Basin, USSR)

Teykovo ICBM Complex; textile and heavy industry at Ivanovo; military and industrial center of Vladimir; military training areas and missile plant at Kovrov.

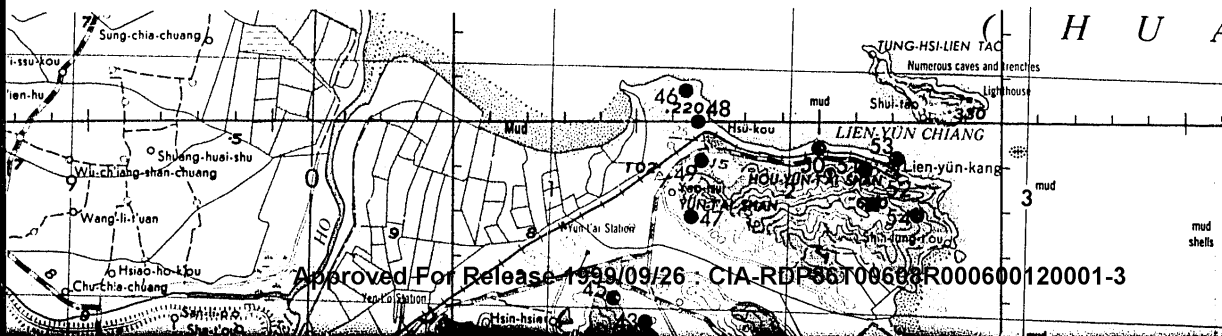

NO 37-9 Kostroma (Upper Volga Basin, USSR)

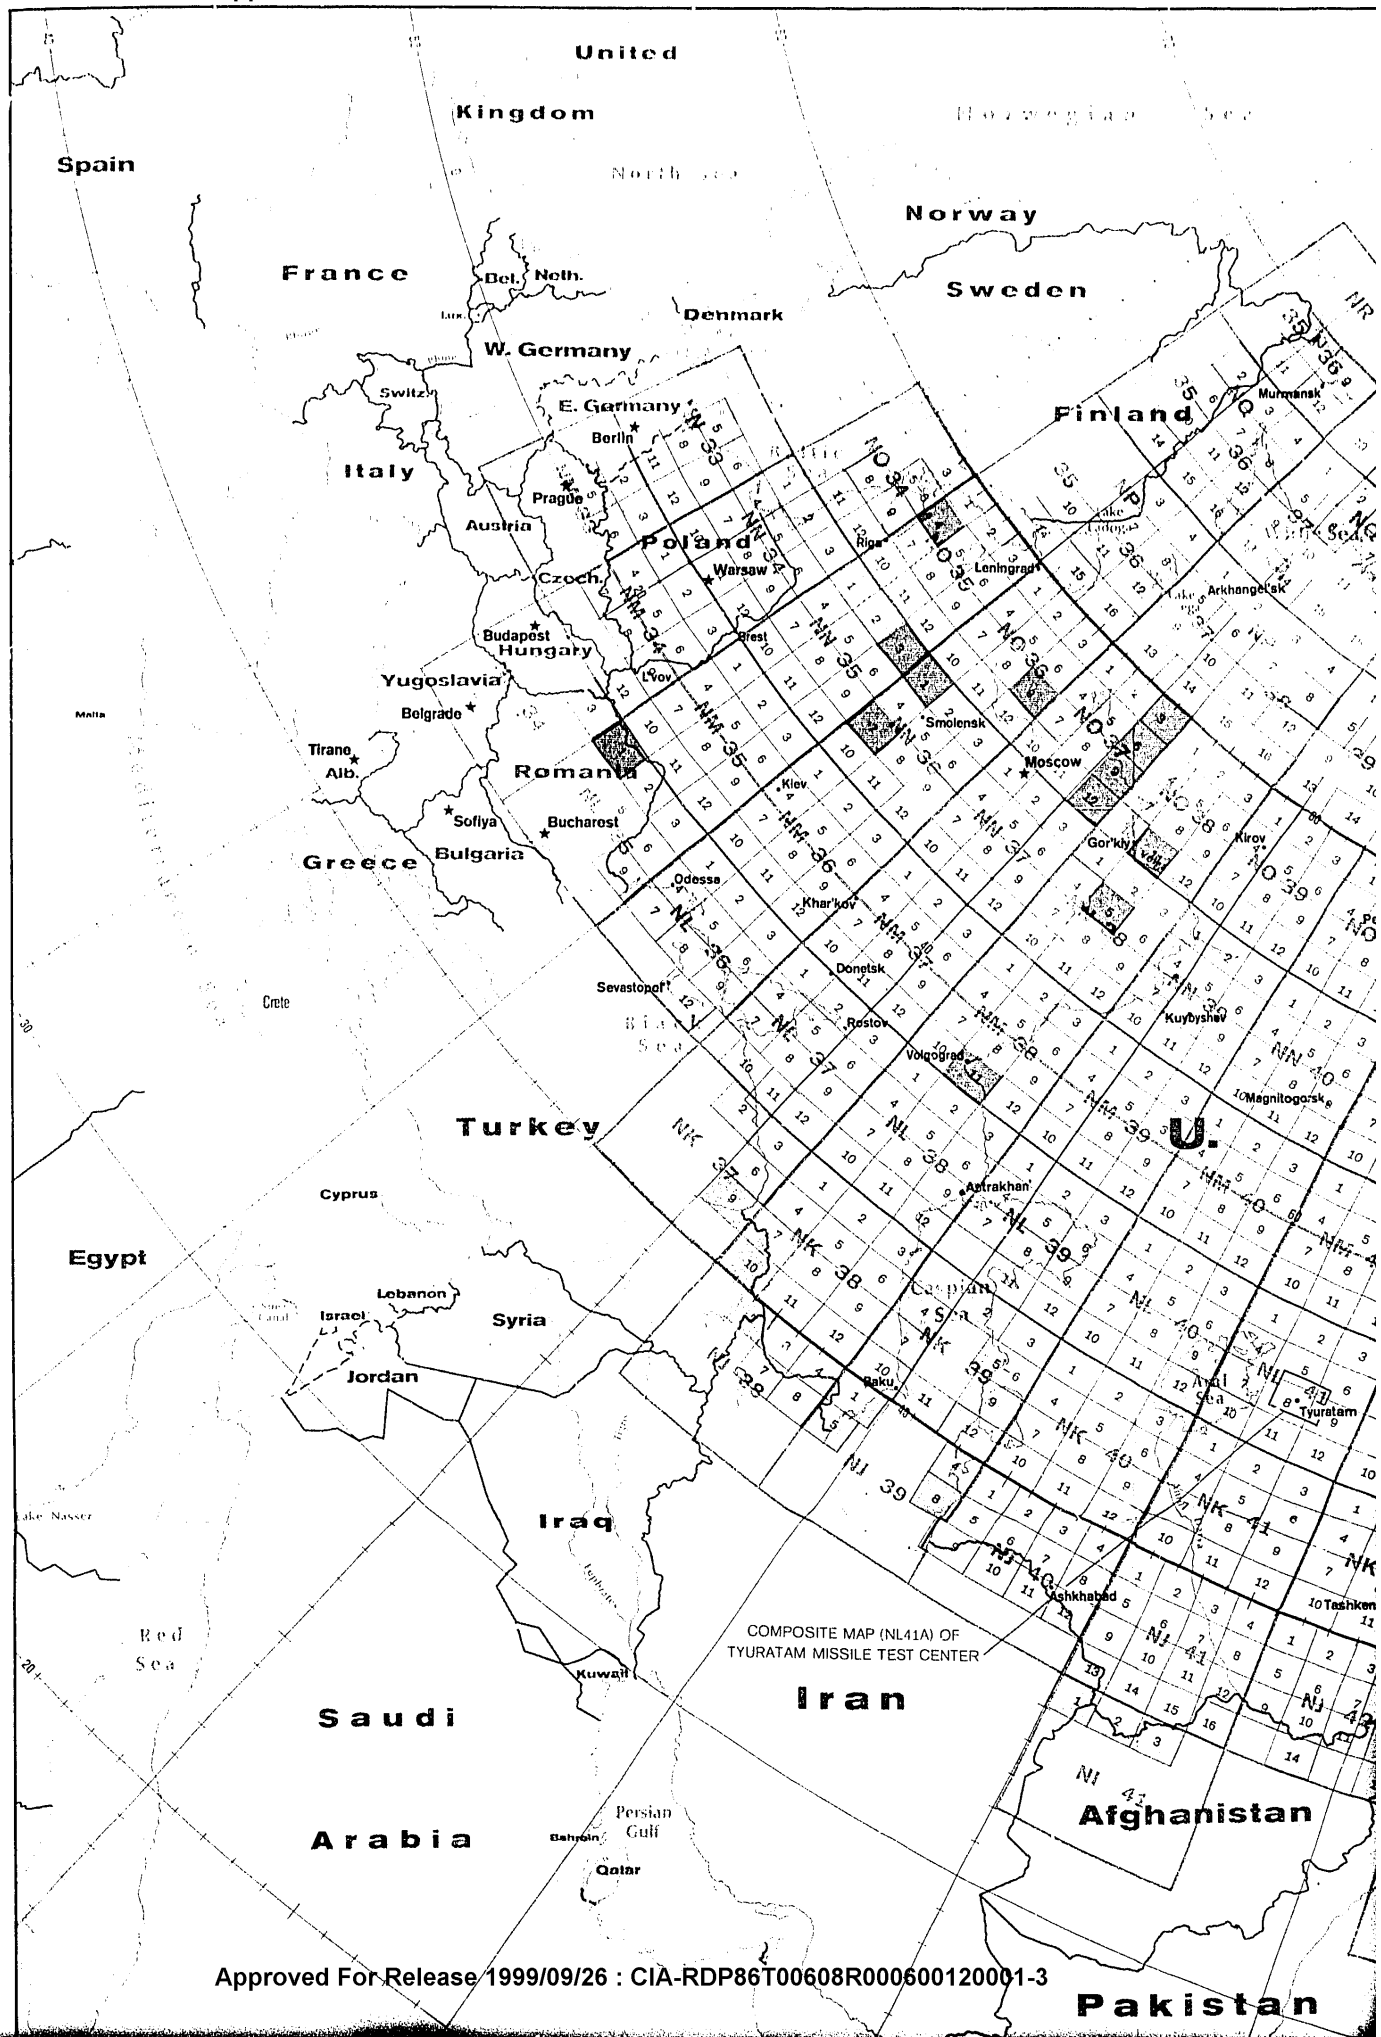

Kostroma ICBM Complex; military barracks, storage, and training areas as well as missile and heavy industry at Kostroma; major textile plants at Ivanovo and Kostroma.

NO 37-6 Buy (Upper Volga Basin, USSR)

Northern part of Kostroma ICBM Complex; radar facilities and main transportation routes; large boron and wood industries and ammunition depot at Buy.

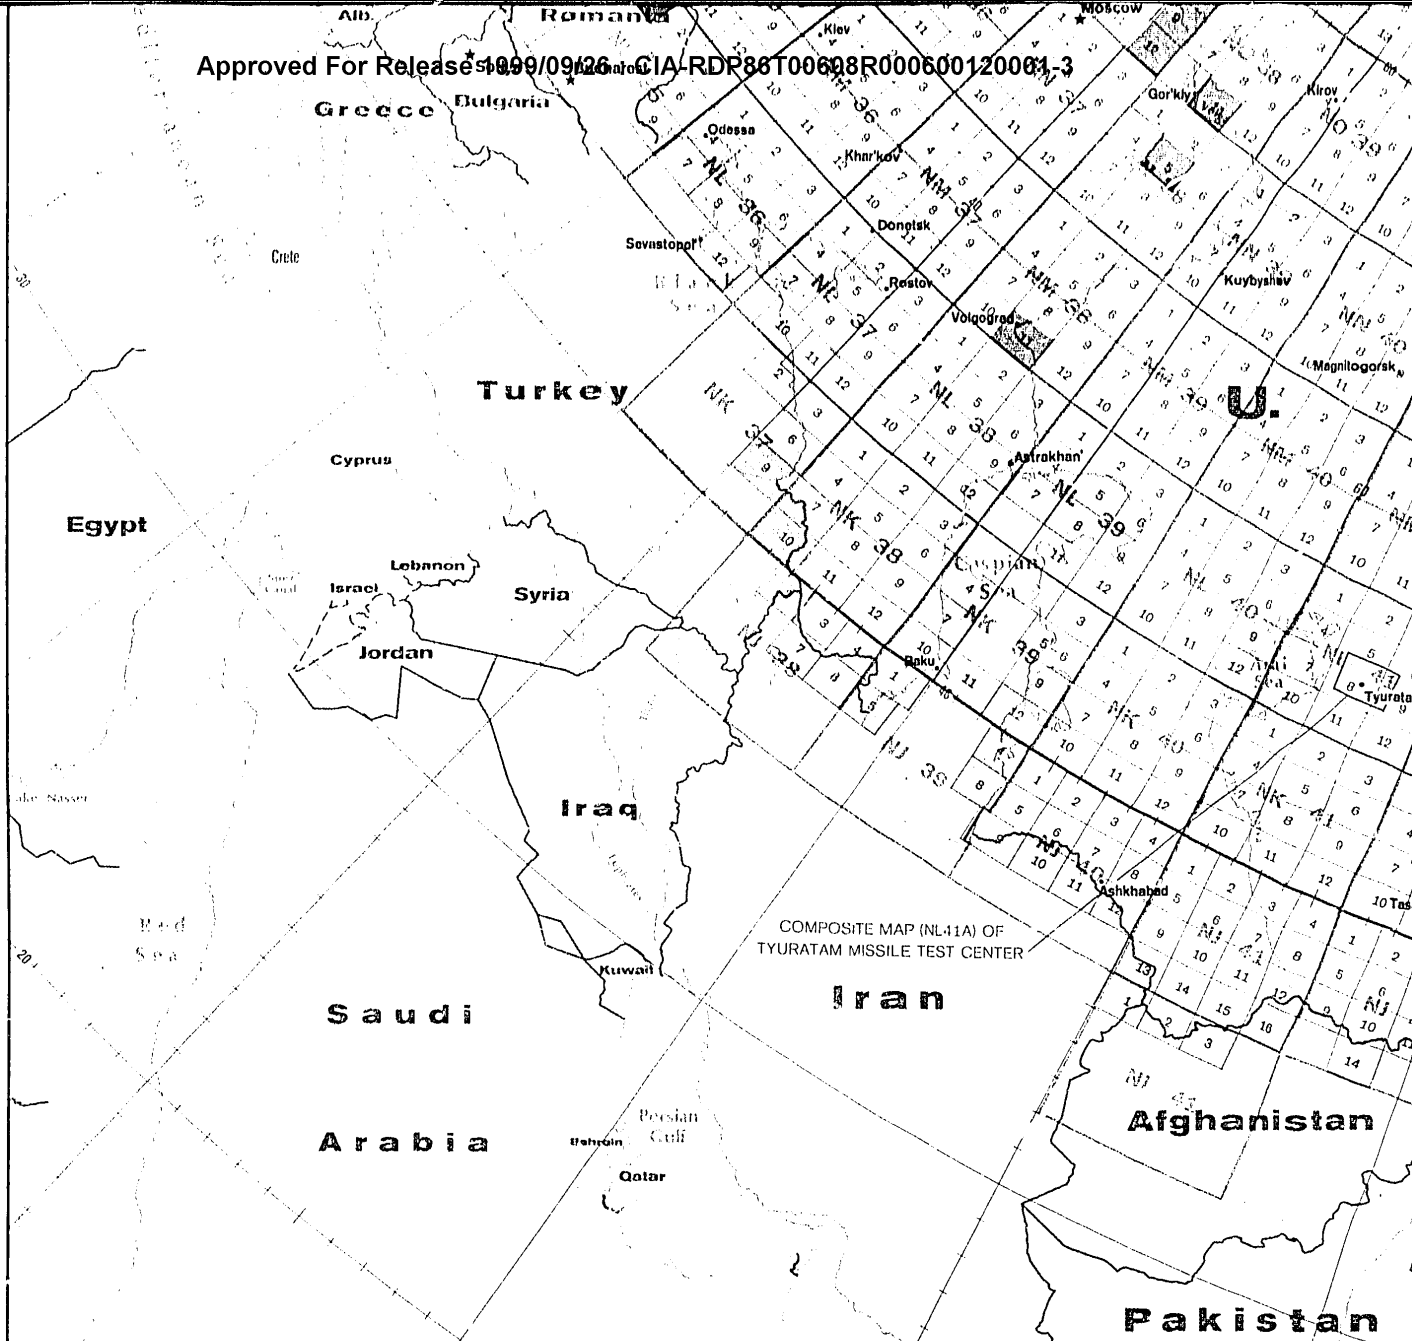

SAMPLE PORTION OF NI 50-8

Northern part of Kostroma ICBM Complex; radar facilities and main transportation routes; large boron and wood industries and ammunition depot at Buy.
