

1 May 1986
MLD-6018

MEMORANDUM FOR: Director, Foreign Broadcast Information Service

FROM : Chief, London Bureau

THROUGH : Chief, Operations Group

SUBJECT : Monthly Report - London Bureau - April 1986

I. GENERAL

1. The post of General Manager, Monitoring Service was taken up by Eric Bowman on 14 April, almost a year after his predecessor, David Witherow, left for Bush House to become Controller of Resources and Administration for External Broadcasting. An additional role for Witherow was announced this month: He will be chairing a three-man steering group which will appoint a team to produce by August an action plan on the establishment of a BBC world television news and current affairs service, an idea first proposed a few years ago by the late Douglas Muggeridge. Initially, the BBC is considering establishing a service of one or possibly two daily half-hour programs of international news made for overseas audiences but also shown locally on BBC2 TV.
2. In a high-level BBC changeover, Austen Kark will be retiring in September and his position as head of External Services (Managing Director of External Broadcasting - M.D.X.B. - in BBC parlance) will be taken by John Tusa, Czech-born BBC radio and TV presenter for many years. Chosen as the television journalist of 1983 by the Royal Television Society, he joined the BBC as a general trainee after university in 1960. The FINANCIAL TIMES pointed out that Tusa takes over one of the three top BBC managing director posts from which future directors general of the organization are normally chosen.
3. The fire alarm was activated on the 10th when a workman using a blow torch in the kitchen corridor set off the automatic smoke detector. The building was evacuated within four minutes, people shivering in a bitterly cold wind as they waited for the arrival of the fire brigade and the all clear.
4. One small note of peace appeared in the midst of the media barrage over Libyan events and terrorist episodes. The Dutch ambassador to London went over to the Scilly Isles this month to sign a peace treaty formally ending a war which, according to THE TIMES, had been "raging unnoticed for 335 years." The treaty officially called off hostilities which began in 1651 when the Dutch tried to stop Scilly pirates from plundering their ships.

II. OPERATIONS

A. Monitorial/Editorial/Communications

The bombing of Libyan targets by U.S. planes from American bases in the U.K. and naval planes of the Sixth Fleet left the bureau's midnight editor on the 15th awash in "a sea of Z's and an ocean of O's." The bureau filed 6 Z's and 246 O's on the 15th, dropping to 168, 115, and 112 immediates in the next three days.

A MINIMIZE was imposed on traffic entering the European area on the 17th, and Washington began using the dedicated circuit to file service traffic to the bureau. Commo's punching unit used both IBM's to produce BACH-generated headers because of the complexity and length of the addressee mixes. At least two embassies cried "enough" during this period, while bureau editors and teleops amassed a total of 152 hours of overtime in the pay period encompassing the Libyan strike. Wordage soared again, with total punched wordage the third highest for any month and a record for the highest April in the bureau's history - a daily average of 104,541 words for a total of 3,136,340.

Nicosia Bureau's 18-20 April closure because of terrorist concerns necessitated extensive coverage coordination among Tel Aviv, Amman, Gulf, and London bureaus, further complicating London-Nicosia arrangements on Libyan coverage. The resultant four-way coordination was a model of efficiency, with virtually no loss of coverage commitments while continuing a 24-hour open-speaker watch on Libyan media.

B. Technical

The Wangification of PMU has been completed, almost two years after the first Wang system with four work stations was installed in 1984. Almost all PMUers were involved in training during April. Editor and Wang Specialist [redacted] attended the eight-day Wang VS-65 Systems Administrator course, and most of the translators and all editors who had not had previous training attended a special one-day FBIS-oriented Wang WP course. There were, and still are, the inevitable glitches to be resolved and it will take some time before all are completely familiar with the system, but already many would not trade their Wang keyboard and terminal for their old typewriters.

STAT

III. ADMINISTRATION

Personnel

Senior editor [redacted] and family departed for the States on home leave and PCS to Panama. Associate Editor [redacted] received a Special Achievement Award, along with a \$500 check, for his careful reorganization and computerization of the bureau's complex lateral services files. [redacted] EOD'd on the 27th as a bureau
