NPIC NOTICE
NO. 5-5

PUBLICATIONS
29 April 1971

REVIEW AND UPDATE OF NPIC
REGULATORY ISSUANCES

1. It will be our objective in the coming months to examine all existing NPIC regulatory issuances and to amend, revise or rescind those that are no longer current or relevant. An initial review has been completed and all issuances listed in the attachment to this Notice are hereby rescinded. These should be removed from your manuals immediately and destroyed.

2. There are remaining a number of issuances that are somewhat outdated, but which are still necessary to NPIC operations and activities. These are being retained in the manual until revisions can be coordinated and published. The NPIC Records Management Officer will be in touch with the Group and Staff Chiefs to coordinate this continuing refinement of our regulatory system.
