and Management

FROM : Daniel B. Silver  
General Counsel

SUBJECT : Proposed Changes to Non-Restriction  
Sections of E.O. 12036

1. As each of you know, the Director, Intelligence Community Staff has been tasked to study for necessary changes the non-restriction sections of Executive Order 12036. Thus, Sections 1, 3 and 4, other than the definitions in Section 4 which relate solely to the restrictions, will be under review. This review presumably will not encompass portions of Section 1 of E.O. 12036 that relate to the NSC decisionmaking structure, since the DCI already has made recommendations to the President on that subject.

2. All elements of the Intelligence Community will have an opportunity to make their views known during this study. I will pull together the Agency position and would therefore ask that each of you, or your designee, determine what, if anything, you think requires change in these sections of the Order. I would appreciate your response by COB Thursday, 26 March 1981. If I can provide further detail, do not hesitate to give me or  who will be acting for me on this task, a call.
