MEMORANDUM FOR: Chief, Policy and Plans Group, OS

VIA: Deputy Director of Security
Physical, Technical and Area Security

SUBJECT: Office of Security Government Vehicle
Survey [redacted] 25X1

REFERENCE: Memorandum from C/PPG/OS, dated 3 August 1981,
same subject

1. The referenced memorandum requests a survey to revalidate the absolute needs for the use of vehicles within Physical, Technical and Area Security. Presently, ISSG has one assigned vehicle to serve the needs of approximately fifteen people. The attachment to reference indicates the justification for this vehicle is to "pick up output at the Headquarters computer center." [redacted] 25X1

2. I wish to be on record that the ISSG vehicle is used for a number of reasons only one of which is to pick up output from the Headquarters computer center. The mission of ISSG is such that we are required to travel throughout the metropolitan area wherever Agency automated information processing equipment is located. [redacted] 25X1

3. This requirement alone causes heavy use of the government vehicle. Additionally, during the past several years, ISSG has graciously shared its vehicle with Compartmented Information Branch (CIB) personnel. On the basis of the above stated usage, I feel that the single automobile assigned to ISSG is more than justified. [redacted] 25X1
