PREFACE

This publication is a guide to leading officials of the Soviet Ministry of Defense and the Armed Forces as well as to chiefs of prominent schools and to attaches assigned to foreign countries. In the *Position* column, dates preceded by *ap* are dates of appointment, and those preceded by *id* are dates of first identification in a position. (Day, month, and year are given when available.) The date of birth, when available, is listed in the *Birth* column.

Two sections follow the table of contents. The first lists military officers who hold membership on high-level bodies of the Communist Party of the Soviet Union, including the Politburo, Central Committee, and Central Auditing Commission. The second is a key to the military rank abbreviations used in this publication; the ranks reflect Soviet nomenclature rather than US military equivalents, and Russian terms are included.

Users of the directory are encouraged to notify the issuing office of omissions or errors or of new information that becomes available.
