Dear Mr. Owens,

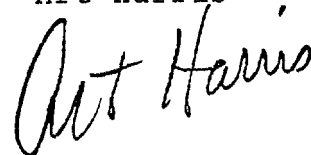

Please consider this letter an official request for copies of CIA documents that were released to Ground Saucer Watch, a private UFO group on Dec. 14 or Dec. 15, concerning UFO related material in government files. I understand there are approximately 900 pages of material.

Any assistance you can render to help The Washington Post obtain the requested documents as soon as possible would be appreciated. [redacted] of your office has been most helpful and suggested writing you direct would be the fastest method of obtaining the material. We'll be happy to send a messenger to pick up the papers.

I can be reached at 334-7339. Thanks again.

Sincerely,

Art Harris

P.S. If you'd be kind enough to give me a call when the documents are ready, we'll come right out and pick them up.
