4 AUG 1976

Mr. Gene F. Wilson
Information and Privacy Coordinator
Central Intelligence Agency
Washington, D.C. 20505

Dear Mr. Wilson:

The Naval Underwater Systems Center, New London Laboratory is hosting a "New England Security Seminar" on 5 and 6 October 1976. It is our intention that this seminar provide attendees with an update of the Information Security Program with emphasis on classification management. This seminar is receiving the support of the Board of Directors of the National Classification Management Society, and it has been approved by the Director of Naval Intelligence for the Chief of Naval Operations.

Personnel from the Laboratory directly connected with the Information Security Program, government and industry representatives of NCMS, military personnel in all the services in the area and defense contractors in the New England region will be invited to attend.

We would appreciate it if you could address the seminar at the luncheon on 6 October on the subject of the impact of the Freedom of Information and Privacy Acts on an intelligence agency. This presentation can be along the same lines as the one you gave at the NCMS Seminar in San Diego on 21 July. We could adjust our program if 5 October would be a more convenient date for you.

If you have any questions, please feel free to contact the Program Chairman, Miss Clarissa DeAngelis on Area Code 203-442-0771, Ext. 2880 or Autovon 636-2880.

An early reply will be appreciated.

Sincerely yours,

JOSEPH C. CARE

Security Department Head
By direction of the
Officer in Charge
