The Honorable Richard Helms  
Director of Central Intelligence  
Central Intelligence Agency  
Washington, D. C. 20505

Dear Mr. Helms :

Mr. David Silver of the Mirisch Corporation contacted me today. Mirisch Productions is producing a movie entitled "Dangerfield" and they will be filming here in Washington at the end of May and the beginning of June.

There is a portion of the movie which deals with the Central Intelligence Agency and they asked me to contact you to see if it would be possible to film those portions at the CIA building in McLean, Virginia. If you do grant requests of this sort, Mr. Silver would be pleased to meet with a representative of the CIA to explain in detail exactly what they wish to film. He told me that it would be a car driving through the entrance, past the guard gate; entering the building; walking down a hall and entering an office.

Since Mr. Silver is in Washington now checking locations for Mirisch Corporation, I would appreciate it if you could have a member of your staff telephone your answer to my Personal Secretary, Miss Mary Shinkwin, at 225-3841.

Thank you very much for your attention to this letter and your consideration of this request.

Sincerely,

*[Handwritten Signature]*  
John V. Tunney  
U. S. Senator
