

13 December 1982

MEMORANDUM FOR: Deputy Director for Intelligence  
FROM: Director of Central Intelligence  
SUBJECT: Office of European Analysis 1983 Program

1. What proportion of the European effort will be on quantitative methods? I'd be interested in the external contracts contemplated in this program.

2. I'd like to see a stronger effort on East Europe particularly on the political and military reliability and vulnerabilities of those states.

William J. Casey
