Dear Bill,

May I intrude on your busy day with a couple of quick OSS/London questions. You may have the answers from personal experience or may be able to steer me to a source. The questions are posed by a reputable British writer on intelligence so I want to be helpful.

STAT

1. A place called Milton Ernest Hall near Bedford, was this Area O or Area F?
2. If neither, was Milton Ernest Hall used for Jedburgh or any OSS activities?
3. Were MO broadcasts originated from England ever? (I assume the answer is yes, but want to make sure).

Many thanks. And, if anybody in the organization can help me with the above, I will be most grateful.

All goes well in the writing game. I hope some day we can have a discussion on the subject.

Sincerely,
