

14 May 1984

MEMORANDUM FOR: Chief, International Activities Division

FROM: Director of Central Intelligence

SUBJECT:

25X1

Through a friend a gentleman by the name of came in to tell me about the capability his firm has developed to surveil large chunks of territory from high points on the ground in the thought it would be useful in Lebanon and perhaps in Central America. This is something you may want to look into.

25X1

William J. Casey
