

10 October 1986

John --

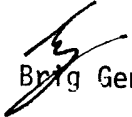

So good to be back in touch! And look forward to seeing you on the 28th. We'll be getting together at 0800 for a roll and juice/coffee--then into my staff meeting with the NIOs and other key NIC players at 0830. About 10-15 minutes--followed by Q&A--on NDU's programs would be just right. In the meantime--I expect that some of my people will be availing themselves of your upcoming conference on "comparative interservice rivalry"--sounds interesting! We got the agenda yesterday--thank you!

STAT

Again--good to be back in touch--and I look forward to what promises to be a very fruitful, mutually beneficial relationship between NDU and the NIC.

Warm regards,

  
Brig Gen Frank B. Horton III, USAF
