FBI-BBC [] FIELD COVERAGE SCHEDULE

STAT
STAT

This schedule indicates the DAYS TRANSMITTED and the COVERAGE DAYS, the days of transmission which have been scheduled for monitoring, by the use of initials of the days of the week, with certain exceptions. The word "daily" is substituted for transmissions and coverage expected every day. The word "note" indicates a complex schedule which is explained in the NOTES column and the abbreviation "irreg" denotes transmission or coverage on a random basis. The days of coverage are shown as irregular for all priority 3 and backstop coverage.

Multiple sourcelines head any coverage to which two or more sourcelines are applicable, with the principal sourceline listed first. Those broadcasts, press agency transmissions, and publications which do not announce their true countries of origin are grouped into "Clandestine" sections.

The USUAL MONITORABILITY is indicated by the terms "good," "fair," "poor," or "nil."

ELECTRONIC COVERAGE

The PRIORITY shows the relative certainty and speed of processing given to the coverage under normal circumstances. Bureaus may override priorities during emergencies. The priority is indicated by a numeral:

This schedule arranges the sourcelines within each country section in the following order:

international voicecasts from the chief broadcasting city and then from other cities in alphabetical order

1. (Preferred Coverage)—This coverage takes precedence over all work. Field bureaus process this coverage as soon as possible after intercept or receipt. The bureaus do not drop such coverage without the concurrence of Headquarters unless arrangements have been made for alternate coverage.

domestic voicecasts from the chief broadcasting city and then from other cities in alphabetical order

2. (Standard Coverage)—The bureaus process this coverage on a reasonably current basis—usually within 24 hours of receipt.

telecasts

3. (Continent Coverage)—The bureaus process this coverage irregularly, as staffing and other considerations allow or as ad hoc projects require.

international presscasts

domestic presscasts from the principal commercial center and then from other cities in alphabetical order

The bureaus assign the same priorities to backstop coverage as to primary coverage but they monitor the backstops only when the originals are missed or unmonitorable.

Within each of these groups official transmissions precede semi-official and private ones, national services precede regional services, and network broadcasts precede local separations. Otherwise sourcelines are arranged in alphabetical order of language whenever the principal difference among them is the language.

The PURPOSE OF COVERAGE is indicated by an alphabetical symbol:

CONTENT OF THE ELECTRONIC COVERAGE COLUMNS

A—general coverage producing a substantial volume of material for the Daily Report or the FBIS Wire

The TIMES are expressed in Greenwich Mean Time (EST + hours or EDT + 4 hours) and they show the nominal starting time and the ending time for each item of coverage. "0000" stands for the first moment of the GMT day and "2400" the last moment. If a cast does not adhere to a fixed schedule, the listing shows the nominal starting time followed by an ending time chosen to show the usual duration of the cast. The bureaus sustain intercept and recording as long as is necessary to monitor the entire cast. The broadcasts under each sourceline are arranged so that the earliest coverage of the local broadcast day is listed first. Listings for press transmissions start with the agency's first cast of the transmission day.

C—coverage from a unique source which produces a limited volume of publishable wordage

E—coverage monitored primarily for reports on economics

J—coverage taken primarily for use in the publications of the Production Group

L—coverage monitored primarily to serve lateral recipients

M—coverage taken primarily to meet the requirements of a monitoring service allied with FBIS

V—coverage monitored principally for the preparation of Video Selection Lists

For Official Use Only

W—watch or cruising function, including the coverage of program previews

Z—backstop coverage monitored only when other coverage is missed or unmonitorable

X—coverage monitored for another reason

The monitoring facility is indicated by a digraph:

- | | |
|-------------------|-------------------|
| FBIS | BBC |
| AB-Abidjan | CA-Central Africa |
| AU-Vienna | EA-East-Africa |
| BK-Bangkok | |
| FL-Key West | JOINT BBC-FBIS |
| GC-Guatemala City | LD-London |
| GF-Gulf | |
| HK-Hong Kong | |
| JN-Jordan | |
| MN-Managua | |
| NC-Nicosia | |
| OW-Okinawa | |
| PA-Panama | |
| PY-Paraguay | |
| SA-South Asia | |
| SK-Seoul | |
| SS-San Salvador | |
| TA-Tel Aviv | |
| TC-Tegucigalpa | |
| WA-Headquarters | |

A program listed with two of these digraphs is intercepted at the first facility and is processed at the second. Monitorability is as reported by the second facility.

The MODE, shown by a trigraph, is the medium in which the coverage appears:

VBC—voice broadcast monitored entirely from amplitude modulation mediumwave or shortwave stations

VFM—voice broadcast monitored all or part of the time from a frequency modulation station

VLW—voice broadcast monitored all or part of the time from a longwave station

- TVB—television broadcast
- TAO—television broadcast, audio component only

- FON—other radiotelephony
- MOR—morse transmission

FAX—facsimile transmission, including radio-photo but excluding hellschreiber

HEL—hellschreiber transmission

RTT—simplex radioteletype transmission

TPX—twinplex transmission with no sub-multiplexing

TTD—twinplex transmission with time-division submultiplexing

FMX—frequency-division multiplex transmission, not including TDM

TDM—time division multiplex transmission, not involving twinplex or FDM

FTM—transmission combining frequency-division and time-division multiplexing

OPX—other radiotelegraphy

WSS—wire service subscription received by landline

XXX—other

The NOTES include the type of program and may also include the name of the program, the transmission service in which it appears, the target, irregularities of scheduling, etc.

PUBLICATIONS COVERAGE

Under each country the publications from the national capital are listed first and are followed by those from other cities in alphabetical order. Those from any given city are arranged in alphabetical order of the publications' standardized titles, definite articles included when FBIS uses them. Titles are not translated but they are transliterated whenever the originals use other than the Roman alphabet.

CONTENT OF THE PUBLICATIONS COVERAGE COLUMNS

The DAYS OF PUBLICATION are indicated in the same way as the DAYS TRANSMITTED (above).

The LAG IN RECEIPT and ISSUES YEARLY are self-explanatory.

The PRIORITY, PURPOSE OF COVERAGE, and MONITORING FACILITY are the same as for electronic coverage.

The MODE for all publications is PUB.

The NOTES may include irregularities of scheduling, the nature of the publications, etc.
