MEMORANDUM FOR: Agency Senior Training Officers

25X1

FROM: [redacted]  
Director of Training and Education

SUBJECT: Officer-in-Residence Program

25X1

1. On 11 February 1987, a Headquarters Notice [redacted] was published announcing the Officer-in-Residence Program (OIRP). In response to that notice, the Office of Training and Education has received inquiries from 22 individuals ranging from curiosity to enthusiasm.

2. At the Senior Training Officers meeting on 5 March, it was agreed among the officers present that the names of all of the individuals who had expressed interest in the OIRP would be sent by OTE to the appropriate Directorate Senior Training Officer. Upon receipt of the names, the Senior Training Officer should contact each officer to discuss with him/her in greater detail the type of program that officer wanted to pursue and what specific school, if any, the individual had in mind. Attached to this memorandum the list of names for your review.

3. After the Directorate has determined which individuals it wishes to sponsor and fund in this program, the names should then be sent to the CIA Training Selection Board for consideration. The TSB would like to have five Officers-in-Residence in the 1987 program. The normal length of an Officer-in-Residence Program is one to two years.

25X1

3. Please forward your nominations for the Officer-in-Residence Program to [redacted] ES-TSB, by 1 May 1987. Nominations should include eight copies of (1) a brief description of the individual's proposed program and (2) an updated biographic profile.
